# pivot door systems

Corinthian Pivot Door Systems are designed to handle the weight of taller and wider doors, for more impressive entrance ways.

This high quality, flat packed pivot door and frame system is the 'easy-to-install' solution and is an appealing alternative to traditional hinges.

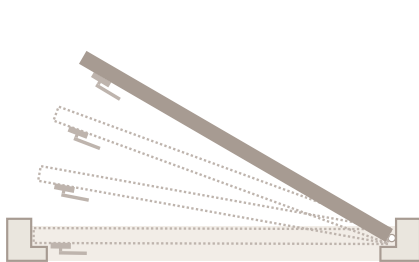

## KEY FEATURES:

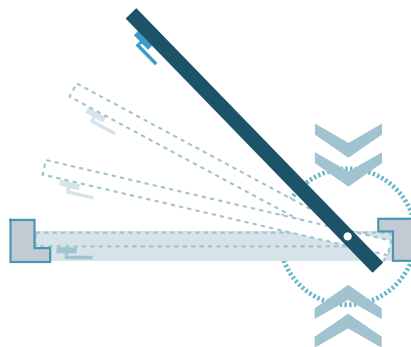

- Handles the weight of taller and wider doors.
- High quality flat packed pivot frame for easy installation.
- Available in a selection of high quality and stylish, glazed timber door designs.
- Frame can include sidelights and transom if required.
- Backed by Corinthian's 5 year guarantee.

Corinthian Pivot Door Systems carry the weight top and bottom, rather than on traditional hinged jambs

# enviroseal door entry system

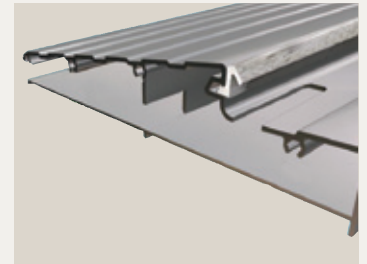

Door entry systems with Enviro-seal™ will help homes achieve valuable energy savings.

Gaps around doors and windows in the average home can result in a serious loss of winter warmth or summer's air-conditioned cool.

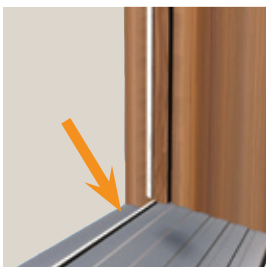

## KEY FEATURES:

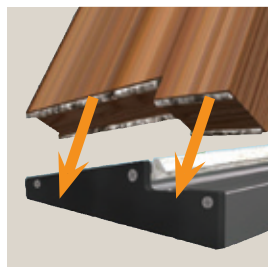

- Energy savings for the home.
- Provides wind and noise insulation.
- Reduction of dirt penetration into the home.
- Self draining sill conducts water away from the door.
- Backed by Corinthian's 5 year guarantee.

Aluminium, self-draining sill protects your door from water and reduces dirt penetration.

Enviro-seal assists in energy saving for the home whilst providing wind and noise insulation and preventing water penetration and air leaks.

Enviro-seal beneficially seals your entrance door around factory-fitted jambs and across a self-draining sill.

The Enviro-seal sill is available in a natural anodised finish for durability and a smart, modern look.

# quickslide wardrobe system

Make them a feature or let them blend into the background, Quickslide wardrobe doors perform their task with absolute efficiency.

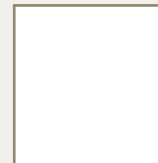

Quickslide adds value to the home as it uses quality Corinthian timber doors and components which allows easy matching of the wardrobe door with internal feature doors in the home.

## KEY FEATURES:

- Available with a wide selection of quality and stylish timber internal doors, including mirrored, flush or feature panel designs.
- Offered in all the door widths plus standard and full height options.
- Choice of 2 track colours: white or satin silver.
- Choice of 2, 3 or 4 door units.
- Adjustable nylon rollers provide smooth, quiet and durable operation.
- Easy step by step installation leaflet available.
- Backed by Corinthian's 5 year guarantee.

# pre-hung internal door system

A perfect fit every time... Pre-Hung takes the hard work out of door installation.

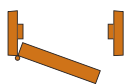

This unique system combines the door, jamb, mullion and hinges in one package, pre-machined and ready to install.

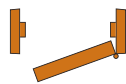

## KEY FEATURES:

- Suitable for most Corinthian internal doors.
- Jamb head to take reversible jamb stiles.
- Half hinges fitted equidistant from both ends of jamb stile and door.
- Bright chrome hinges available.
- Easy step by step installation leaflet available.
- Backed by Corinthian's 5 year guarantee.
