

# Eco Cladding

Cladding

## Wide, clean lines

Excellent cladding at an attractive price. Eco Cladding is an economical and stylish cladding alternative. This wide, reversible cladding in Western Red Cedar, has a deep shiplap recess on one side, and a pronounced Vee-Joint on the other side. Machined from a re-processing cycle, Eco Cladding is at least 70% clear and contains very few knots.

## Eco Cladding features and benefits

- An economical grade of Western Red Cedar
- At least 70% clear grade with very few knots
- Profile to be face nailed
- Shiplap face on the ECOREVE 127 x 18 is bandsawn

## Eco Cladding is ideal for

- External cladding and facades
- Country retreats
- External feature walls
- External highrise features
