

Shadowline

Cladding

Shades of brilliance

Consistent reproduction and enduring natural beauty. Shadowline is designed to overlap and create a naturally occurring, subtle shadow for added depth and aesthetic effect. This versatile cladding board, in Western Red Cedar, can be used for a wide variety of applications, from quaint country cottages, to high-rise office buildings.

Shadowline features and benefits

- Machine processed for consistent 16mm butt and dressed face finish
- Self aligning rebate for width consistency
- Beveled back face to distinguish correct orientation
- Excellent thermal protection

Shadowline is ideal for

- External cladding and design features
- High-rise external effects
- Bungalows
- Cabins
